MEDICAL CERTIFICATE AND HEALTH QUESTIONNAIRE

- Obtaining a first sports license: Subject to the submission of a doctor's certificate to the Club stating there are no medical reasons prohibiting my participation in sports, or, where appropriate, the discipline concerned, which was issued less than one year ago. When the requested license allows participation in competitions organised by a sports federation, the doctor's certificate states there are no medical reasons prohibiting participation in the sport or the discipline concerned in competition.
- Renewal ⁽¹⁾ of a sports license that allows participation in competitions organised by the federation («Competitor» license): presentation of a doctor's certificate every three years (issued less than one year ago). In the meantime, the requirement remains to complete the «health questionnaire» each year. Special case: A doctor's certificate is mandatory every year to participate in the biathlon.
- Renewal ⁽¹⁾ of a «Director's» or «Recreational» sports license: Submission of a doctor's certificate every 20 years (issued less than one year ago). In the meantime, the requirement remains to complete the «health questionnaire» each year.

Additional information available at www.ffs.fr/questionnaire-sante.

⁽¹⁾ The renewal period applies from one calendar year to the next.

This document has no contractual value and does not commit QBE, EUROP ASSISTANCE and Verspieren beyond the limits of the insurance policies to which it refers.

• **Renouvellement¹¹ d'une licence sportive « Dirigeant » ou « Loisir » :** présentation d'un certificat médical tous les 20 ans (le certificat médical doit dater de moins d'un an) ; dans l'intervalle, obligation de remplir chaque année le « questionnaire de santé ».
