## PRESIDENT'S WORDS

It is in the now famous white water Stadium, that France and more precisely the city of Pau are glad to welcome you to the 2019 ECA Canoe Slalom European Championships.

After a one year break, best athletes will compete in one of the best places of the world.

For many years, Pau Organising Committee put its skills and know how to organise national and international competitions. The Organising Committee team, as enthusiastic and passionate as usual, will be here to make you live a great experience, even if you are an athlete, a member of a delegation, a volunteer or in the audience.

Collaboration between FFCK and urban community and organising committee is still great, teams are experienced working together, so it promises to be an unforgettable event.

We want to thanks all the actors for the trust they give to the organisation committee and the Federation.

It's been 10 years that the stadium hosts wonderful competitions, since the 2009 ICF Canoe Slalom World Cup. The long way made since this date is huge and the site has still a great future thanks to the renovation work of the surrounding industrial wasteland in an eco-neighbourhood.

I will looking forward to waiting for you numerous between May 30<sup>th</sup> and June 2<sup>nd</sup> in order to support athletes in their road to the medals.

**Jean ZOUNGRANA**

French Canoe Federation President

Dear friends,

From May 30th to June 2nd, 2019, the city of Pau is pleased to host the European Canoe Slalom Championship.

After the organization of four World Cups (2009-2012-2015-2016) and a World Championship (2017), our city confirms its quality as a canoe capital for the pleasure of the greatest number.

“Bearn” loves this demanding sport, “Palois” and Pau like canoe and canoe like Pau. Large pages of the history of French sport have started here, I naturally think of Tony Estanguet but also to all the magnificent of the Pau canoe tribe. I think of all our professional and amateur athletes who every day, summer and winter, perfect their movements in the heart of “the Gave of Pau” and in the White Water Stadium. I still think of all those fans who, weekend after weekend, meet with their friends and embark to fill up the sensations on unforgettable descents.

Hosting the European Championships is a new challenge. No less than 200 volunteers are mobilizing to ensure the success of the event and confirm the excellence of our city, lapped to the organization of high-level sports appointments. May they be thanked because, without the commitment of volunteers, nothing would be possible. The 35 delegations from all over Europe can count on us to make this competition a wonderful sporting event.

Welcome to Pau, capital of canoe, welcome to our human and cordial city.

**François Bayrou**

Mayor of Pau & President of the Pau-Pyrénées Urban Community
